All the advices from Washington, and Madrid, up to Friday morning, were of a pacific character, and much of the excitement had subsided. The Boston *Advertiser's* correspondent, who had not hitherto been sanguine of an amicable adjustment, telegraphed at a late hour Thursday night that it could be "stated with absolute certainty that the situation regarding Cuban affairs has very materially changed for the better within the last twenty-four hours. Despatches from Madrid to our authorities give assurance of as favorable a condition of affairs as could be desired." All the correspondents bore similar testimony as to the friendly attitude of the Spanish Government. The reports received on Friday, however, present a phase of ... subject, to the importance of which we were among the first to call attention, viz. the embarrassing position of the Castelar Government and the possibility that it may fail of popular support in making concessions to this country that involve the assumption of a hostile attitude towards the only class in Cuba who profess allegiance to Spain. Here is the main difficulty in the way of a peaceful settlement of the issues between the two countries.

Despatches from Madrid on Friday bring serious intelligence of outbreaks among the populace of that city and riotous demonstrations against the U. S. Minister. Up to this writing we have no means of judging how far the reports have been exaggerated, although it seems probable that the *Herald's* telegrams have over-stated the demands made by our Government, and we are equally unable to judge the extent of the disorderly spirit in Madrid. These hostile demonstrations impart new gravity to the situation, and if the reports are fully verified serious doubts will be raised as to the ability of the Castelar Government to maintain a conciliatory course. With the meagre and confused reports at hand, including rumors of an attempt to assassinate our Minister, and of his having at one time made preparations to leave Madrid, it is impossible to comment on the actual situation, further than to say that the outlook is decidedly more warlike at this writing. Our later despatches will probably give ... detailed information, and in the mean time it is satisfactory to know that our Government is sparing no effort in preparing to meet any emergency.

On our first page to day we publish an obituary notice of the late Hon John P. Hale, of New Hampshire, one of the earliest and ablest champions of free soil and equal rights. He was one of the foremost figures in the great anti-slavery struggle in Congress and posterity will not fail to honor his name.

The great victory achieved in the case of ... Tweed the notorious chief of the Tammany robbers has inspired the public with confidence in the punishment of the whole gang, and it is understood that the cases of Hall, Connolly, Davidson, and others, will be brought up for trial at an early day. The present ... believe that the spirit of ... of thieving is now broken, and that ... will be procured against all who ... in the gigantic robberies.

Havana despatches state that the Virginius prisoners first executed, Bembeta, Varona, De Sol Ryan and Cespedes, had been tried and condemned a long time ago, in their ... according to Spanish law, and that nothing beyond their identification was deemed necessary to secure their summary execution. The captain and crew of the Virginius were tried by naval court martial and 37 out of 45 condemned to death. The American Vice Consul was first to move in behalf of the crew, but neither his protests nor those of the British Consul in behalf of 16 British subjects were regarded by the Spanish officials.

The New York *Times* makes estimates, in detail, of the value of the church property of the different religious denominations in that city. From that estimate it appears that the value of 340 churches in New York is $40,-...,..., and even this immense amount does not include the Roman Catholic Cathedral and several other churches in course of erection. It would not, therefore, be too much to say that $1..,000,000 worth of church property in New York is exempted from all taxation. Now the question is coming up. Shall this immense property be made to pay its just proportion in the way of taxes into the public treasury? and both sides are girding up their loins for the discussion.

According to the Boston *Traveller* General Butler holds that the Virginius violated no Spanish law, as she had not been in Spanish waters up to the time of her capture. She had committed no act of piracy nor run any blockade, since such a thing did not technically exist. The men on board had not violated the laws of Spain, whatever their intention might have been, and there is no question of the justness of the claim that the Virginius should be delivered to the United States authorities, and the officers who seized her and ordered the execution of her crew to be given up for such punishment as our Government shall inflict. The General thinks there would be little to fear from the Spanish navy in American waters, and that within thirty days our Government could raise an army of volunteers much larger than would be required to take possession of Cuba and hold it for further consideration.

In response to the *World's* claim, "We have not only triumphed in New York, but have carried Virginia, carried Wisconsin, carried Texas," etc, the Chicago *Times* asks, "Who are 'we' that have achieved so many wonderful things, and what do 'we' want? Are 'we' John Morrissey, prize-fighter, who want the stake money? Or are 'we' R M T. Hunter, who want $400,000,000 from the public treasury for our lost niggers?"

Married men who have eaten cold dinners and suppers for the past week, will rejoice that the Gordon trial is ended. The ladies have availed themselves of the opportunity afforded them, and have attended in force. A large portion remained in the hall from the time of adjournment at noon to the reassembling, eating their dinners in their seats. The interval between the sessions was passed by knitting, discussing the latest styles in redingotes, winter fashions, the neighbors, and such like momentous questions. Had the jury been composed of married men from this city, they would have convicted Gordon without leaving their seats.—Belfast *Journal*.

The New York *Times*, repelling the charge of slowness of preparation brought against the Government, said on Tuesday:

"Congress has starved army and navy; it would give no money for the support of either without grumbling, and very little money at all. Our iron-clads were rotting at the navy yards. Yet in less than a week the Worcester (fifteen guns) has been got ready for service, and is now on the point of sailing; the Powhattan (seventeen guns) is nearly ready; the Juniata (eight guns) will probably get off this week; the Franklin (thirty-nine guns), the Colorado (forty-six guns), the Minnesota (forty six guns)—altogether (not to go through the list in detail) *twenty four* vessels, carrying about three hundred and twenty guns, are being fitted up with all possible dispatch.—Now we ask any man in the country whether this looks like a sleepy-headed policy?

Our present means are being worked up to their fullest extent, and with a rapidity and energy which reflect the greatest credit on the Government. *But*—if the Government declared war against Spain, how Mr. S. S. Cox would howl and how the Democratic party would cry out against the usurpation of 'our Cæsar,' and demand his impeachment. Let us have something like fair play; if we are angry we need not try to hound the Government into measures which would make it the ridicule of the whole country in less than a month. The very men who abuse it now for instance, would be the first to condemn it if it went a step beyond the point to which it has already advanced."

## THE VIRGINIUS CASE

### REPORTS FROM KINGSTON, JAMAICA.

A despatch from Kingston, Jamaica, Nov. 15th, gives the following statements with reference to the departure and capture of the Virginius expedition.

Great excitement prevails in Kingston over the capture of the Virginius, which left this Island with Consular and Custom House clearances for Simon Bay, Costa Rica. The circumstances and locality of the capture are not definitely known here, as no telegrams to or from this colony and Santiago relative to this subject, have been permitted to pass out of the telegraph office there. We only know from a telegram from the Government of Santiago, addressed to the Spanish Consul in Kingston, that the Virginius had been captured on the 31st of October and that on the 5th of November the leaders of the expedition, Ryan, De Sol, Cespedes and Varona, were shot. Every effort to elicit the facts through cable have proved abortive.

### NOTORIOUS CHARACTER OF THE EXPEDITION.

There was no concealment made of the actual errand of the Virginius while she was here. It was notorious that the officers had dancing parties on board and public meetings were held in honor of Cuban Independence, at which the consignees of the Virginius occupied the chair. The steamer was repaired while in port and coaled at the expense of Cuban refugees. The Virginius first attempted to effect a landing on the 26th of October, three days after she left Kingston. She was driven off by the Spanish troops and chased by a Spanish frigate, but escaped and reached Port au Prince, Hayti, on the 27th. While there, several of the Jamaica mechanics (all colored) on board, became greatly alarmed after the chase and ran away, but they were hunted up and dragged from their places of concealment and delivered over to the officers of the Virginius, by whom they were taken on board again and put in irons and were so forced to go on this perilous adventure.

### BRITISH OFFICIALS MOVING.

Acting British Consul Mason at Santiago, being cut off from all immediate communication with the British Consul-General at Havana, in consequence of the interruption of cable between Santiago and Batabano, Commodore De Horsey despatched Her Majesty's ship Niobe at midnight on the 7th to inquire into matters and advise the Consul if support was necessary and to request delay in the carrying out of any hasty sentence that might be passed upon the Jamaicans who were captured. Up to this moment nothing has been heard of the Niobe's arrival and rumor gains circulation that in consequence of this strange silence the Commodore intends proceeding there himself to-day.

### AN ACCOUNT OF THE CAPTURE.

Capt McArthur of the British schooner Brilliant, which arrived here on the 9th inst. having left Santiago de Cuba on the eve of the 5th, reports that just before the Virginius was captured, Varona advised the firing of the powder magazine and the consequent blowing up of the vessel, rather than that they should fall into the hands of the Spaniards; but the Captain persuaded Gen. Varona that being under the American flag and in neutral waters, they would not dare touch any man on board. Varona and his brave followers then became satisfied and shortly after an officer from the El Tornado boarded the Virginius and demanded her papers. The officer, after inspection, stated that they were correct, but made all on board prisoners. Varona replied he was a prisoner because there was not an English or an American man-of-war near to witness this scandal on the laws of nations. He added he would have blown up the vessel with all on board, but he had not done so since her papers were correct and she had not been seized in Cuban waters. The American flag was, he considered, their protection, and he surrendered, he said, under the protection of that flag, but believed he would be victimized since the Spanish Government all along hated him.

### THE MASSACRE—SPANISH FEROCITY.

Capt. McArthur witnessed the execution of Ryan, Varona, Del Sol, and Pedro Cespedes, and gives the following account. On the morning of the 5th they were removed to the place of execution about a mile from the jail. The four victims were surrounded by a strong escort of Spanish soldiers. Varona and Ryan were calm and collected, and marched firmly amid the yells and vociferations of an infuriated rabble. When they arrived at the place of execution they forced Cespedes and Jesus Del Sol to kneel, in which position they were shot in the back. The soldiers next directed Ryan and Varona to kneel down in the same way, but they were seized and thrown down, being handcuffed all the time. The two victims begged their executioners to allow them to die standing, and having offered further resistance they were murdered standing. Ryan was not instantly killed, and a Spanish officer stepped forward and thrust his sword through Ryan's heart. Varona died easily. Then down upon the corpses still warm with life, came the blood thirsty mob severing the heads from the bodies placing them on pikes and marching with them through the city.

### ALL APPEALS DISREGARDED.

Fifteen Spanish officers who had been captured on the battle field by Varona were present when he landed, and they went to the Governor of the city and begged that his life be spared, since he had spared theirs. Of course this was refused. Foreign vessels at Santiago were prevented from leaving in order to prevent the circulation of the news. The Spaniards took possession of the telegraph, and would not allow any person to communicate through them, even foreign consuls. The American Consul, hearing that Ryan was to be shot, waited on the Governor and demanded his restoration as an American citizen, but the Governor refused to listen, on the ground that the Consul was not well informed on the subject. The Spaniards informed the Consuls that they were acting on their own responsibility, and did not intend even communicating with Madrid.

### YOUTHFUL CAPTIVES.

Among the Cuban captives was the son of Gen. Quesada, aged 16 years and two other boys aged 12 and 15 years. There were also on board the Virginius 12 Jamaicans, two of whom were boys of 14 years.

THE HERALD'S MADRID SPECIAL.

New York, Nov 21. A *Herald* special from Madrid dated yesterday, received here at 2 o'clock this morning, says that the situation is grave. There is serious misunderstanding between Minister Sickles and the Spanish Cabinet. On the arrival of the news of the capture of the Virginius, President Castelar called at the United States Legation and expressed regret and ordered the suspension of [illegible]. When Secretary Fish telegraphed [illegible] the execution, Gen. Sickles sent a note at 2 o'clock in the morning demanding [illegible]. The Foreign Secretary [illegible] the accuracy of the [illegible] stating that Gen. Sickles was authorized.

ACCOUNT OF A STORMY INTERVIEW BETWEEN MINISTER SICKLES AND SPANISH [illegible]

The report. Gen. Sickles, in the name of the United States, addressed a formal protest against the inhuman butcheries, and insult to the United States flag, and demanded that Spain should enforce obedience to her orders in Cuba and insisted on the rights of American citizens to trial under the "Treaty of 1795." He complained that the American Consul at Santiago was prevented from using the telegraph to Washington. The Spanish Minister answered that the matter was wholly a municipal affair between Spain and the Virginius pirates, and Spain could not tolerate American interference. The interview ended by Gen. Sickles demanding that Spain should enforce the orders of the Cabinet to Cuba for suspension of the executions. The Spanish Minister of Foreign Affairs haughtily declined to permit Gen. Sickles to discuss the municipal affairs of Cuba. The interview terminated angrily Gen Sickles saying he would hold no more personal, but only official relations with the Minister.

EXCITEMENT IN MADRID—THE POPULACE FOR WAR.

The public feeling runs high. The Spanish blame the United States for the Cuban insurrection, and say they will welcome war. Minister Sickles says he does not see how war can be avoided as Spain will concede nothing, and public opinion will prevent President Castelar from making any concessions. There is no use in the United States trifling any more on the subject, Spanish stubbornness making concessions impossible. The extreme Republicans favor the views of the United States in the affair.

THE HERALD'S WAR LEADER.

The *Herald* interprets the intelligence from Madrid as meaning war, and says in a double leaded editorial that it is "made evident that war is now the only honorable issue to the present complications of our relations with the Spanish Republic. It is clear from the course of the Government that this is the conviction at Washington. In view of the haughty and arrogant attitude of the Spanish Ministry, and their insulting pretension to judge for the United States, whether we have any ground of complaint. Their assumption that an American ship on the high seas is subject to their municipal laws we believe must be against the conviction of the whole American people.

"We will also welcome war as we are informed by our despatch that the Spaniards will welcome it; but we trust for a different reason, and in a different spirit. With the horrors and cost of war we are too familiar to enter upon them lightly, and in the vein of bravado. but we will accept them as the shortest, readiest, safest, and only practical issue from the position in which our tranquility and our trade, the lives of our citizens, and our sailors, indeed our national honor, are daily at the mercy of a set of irresponsible underlings, whom we have hitherto respected as officers of an established power, though they themselves do not recognize or respect the decrees of that power."

REPORT OF THE AMERICAN DEMANDS.

The *Herald* has also the following under a Madrid date: Following are said to be the points of a peremptory demand presented by our Government to the Spanish Cabinet: 1st, The formal delivery of the Virginius to officers of our Government in a port of the United States; 2d, the release and restoration to our protection of the surviving captives; 3d, a money indemnity to the heirs of all taken from on board the Virginius and put to death; 4th, the trial and punishment of Gen. Burial and all other responsible officers; 5th, immediate and unconditional abolition of slavery in Cuba as the source of all pending difficulties and complaints.

The Spanish objections to this have been sent forward by the American Minister.

THE TRIBUNE'S SPECIAL—A DIFFERENT REPORT OF THE SITUATION.

Washington specials to the *Tribune* say that the situation regarding Cuban affairs has very materially changed for the better within twenty-four hours.

Despatches from Madrid to our authorities give assurance of as favorable a condition as could be expected. It is the intention of the part of Spain to leave the United States no cause of complaint. A delay beyond the time mentioned in the despatch to our Government has been formally asked for by Spain to enable her to obtain official information with out which she cannot act definitely with any self-respect. This request for delay has been acquiesced in by our Government, it having every reason to believe that the request is made in good faith.

SEEKING A SCAPE GOAT.

The *World* demands the recall of General Sickles from Madrid as unworthy of the place and likely to involve the two nations in war.

REPORTS FROM HAVANA.

Letters from Havana dated the 15th inst, add very little to what has already been published regarding the events connected with the capture of the Virginius. The officer of the Tornado who boarded the Virginius found no arms or ammunition, as all had been thrown overboard during the chase. Everything was in confusion on board. All the prisoners were well treated while in charge of the officers of the Tornado. The mild protests of the American Consul were very cavalierly treated. Business at Havana was considerably affected by recent events.

EXCITING RUMORS.

A Washington special says it is believed in some circles that Government has been in receipt of warlike information from Spain, similar to that published in New York this morning, but has withheld it from the public. The same special says Cabinet members state that if said despatches are correct war is inevitable.

SINEWS OF WAR.

Secretary Richardson is reported to have said today that he can borrow all the money necessary on certificates bearing 3-65 per ct. interest.

THE MADRID MOB—DISPERSED BY THE MILITARY—GENERAL SICKLES NOT ALARMED.

A special to the Post from Washington says that Secretary Fish to-day received a despatch from Minister Sickles saying that on the night of the 19th inst a riotous concourse of people assembled about his residence and gave evidence of a disposition to mob him, but the Spanish authorities immediately ordered out the military and dispersed the crowd and the affair passed off without subjecting him to any indignity. The despatch adds that the Spanish Government has shown itself strong enough to suppress any mob and to maintain peace and order in Madrid.

AT THE BROOKLYN NAVY YARD—THE SPANIARDS LOOKING ASKANCE AT THE THREE TURRETED ROANOKE.

It is evident that the Spaniards on board the Arapiles do not like the appearance of the three-turreted monitor Roanoke, as she looks formidable. They have made many inquiries about the effect of her shots and the effect of shot on the turrets. They are exceedingly anxious to get away, having received orders to sail for Cuba as soon as possible.

A HOSTAGE SUGGESTED

The officers of the Navy Yard say it would be a shame to allow her to depart. They say the Spaniards have not recognized international law and they fail to see why the United States should be so considerate when the presence of the iron-clad here would be a hostage for the Virginius.

REPORTED ATTEMPT TO ASSASSINATE GEN SICKLES, AND THAT HE WAS WOUNDED.

A Washington special has the following: Further despatch from Madrid this morning report that a second attempt was made to assassinate Gen. Sickles and that he was wounded. The report is not credited in official circles though outside it is credited.

FURTHER TIME GRANTED TO SPAIN.

A Washington special says that in consideration of the impossibility for Spain to get all facts connected with the outrage at Santiago de Cuba before the 27th inst, the last day of grace fixed by the President, and the President being satisfied that Spain will make satisfactory reparation, has decided to grant the time asked.

A CUBAN REPORT.

A Cuban gentleman living and doing business in this city, who arrived from Cuba yesterday, declared that the statement that more than 100 of the crew of the Virginius were executed, was true, as he saw it so stated by Spanish official reports in Havana.

HURRYING UP OUR NAVAL FORCE.

Prominent Naval officers in this city in commenting upon the great activity in preparing vessels for sea, say that within thirty days there will be in Cuban waters at least twenty of the most powerful vessels in the service. Secretary Robeson had early interviews to-day with the Bureau officers of the Navy Department, in which he reiterated his instructions that the various divisions of the naval service shall exert their utmost efforts that all vessels being prepared for sea shall be in first class order in every respect, at an early period for active service.

A DESPATCH BOAT.

The Government has purchased a small steamer called the Despatch, to which officers have been ordered. The vessel will be used to carry mails and despatches between the North Atlantic fleet and our ports along the Southern coast from Charleston to Key West. This was the steam yacht America and is very fast.

DESCRIPTION OF THE VIRGINIUS.

The Chief of the Bureau of Statistics furnishes the following description of the steamer Virginius as recorded in the American and Foreign shipping list of 1872: A side-wheel steamer, schooner rigged; 461 tons; home port New York; built in Glasgow in 1864, of iron; two oscillating engines; two boilers and nine feet draft.

FROM MADRID—MINISTER SICKLES PREPARING TO LEAVE.

MADRID, Nov. 21. The Politico newspaper says that in consequence of the steps taken by Layard, the British Minister, Gen. Sickles has suspended the preparations which he had been making for his departure from Madrid.

IRON-CLADS FOR CUBA.

It is rumored that the Insurgents of Cartagena intend to surrender. This would release the vessels now in their possession and render the whole iron-clad fleet available in case of trouble with the United States

EXCITEMENT IN WASHINGTON

WASHINGTON, Nov. 21. More excitement than heretofore has prevailed to-day, consequent on the latest intelligence from Madrid, and the probabilities of a war with Spain were freely discussed. All kinds of rumors were in circulation adding to the wide spread excitement and causing numerous enquiries at official quarters as to their truth, if only to get assurances that the Government was without official advices confirming them

THE STATE DEPARTMENT

is making earnest enquiry for information to be forwarded to Minister Sickles as to the legitimate rights of the Virginius to all the privileges and protection guaranteed to an American vessel on the high seas. The subject has been thoroughly investigated in the Navigation Division of the Treaty Department.

THE VIRGINIUS' PAPERS REGULAR.

There is no reason to believe that any irregularity exists in the registry papers of that vessel. This fact has been communicated by the Secretary of the Treasury to the Secretary of State and was one of the subjects that received attention at the Cabinet meeting to-day.

THE CABINET SESSION

was the longest ever held under President Grant's administration. The whole time was occupied upon the Virginius matter and its attending complications, but the Cabinet officers do not permit a word to escape them as to the conclusions reached.

It can, however, be stated in speaking of

PUBLIC SENTIMENT IN SPAIN,

that it is of a violent and unfriendly character toward the American Legation. This feeling in Spain is brutal and unreasonable, and it really seemed that no Ministry could stand which would grant what is reasonable

THE GOVERNMENT IS WITHOUT ADVICES

confirmatory of the reports that the social relations between our representatives at Madrid, and the Spanish Minister of Foreign Affairs had been interrupted. Regarding the

RUMORS OF FURTHER VIOLENCE

against the Legation and Minister Sickles, personally which were in active circulation to-day, it can be authoritatively stated that no reports of that character are confirmed by official despatches. The President in conversing upon the subject of our relations with Spain is free from anything like passion his manner being

CALM BUT EARNEST.

He is evidently in accord with the general sentiment of the country, but will do nothing that will even by implication place the United States in the wrong before the world. While the United States

SYMPATHIZES WITH SPAIN

in her efforts to establish a Republican form of Government, and will give all possible moral support in that direction. This movement on her part will not serve in the least degree to restrain our Government from exacting

A FULL MEASURE OF REDRESS

for the pending grievances, and protecting all the interests covered by the National flag.

It was said by a well known Senator to-night after a conversation with the President, that the Spanish Government exhibits

SOME ALARM,

not wishing to provoke hostilities with this government. All Americans may rest assured that proper measures will be taken to guard against possible or probable repetition of the outrage either by Spanish or Cuban authority. And further that the President will submit the whole matter to Congress for their advice and direction.

ALL THE NEWS PUBLIC.

It can be added that information has been received from a high official source that nothing has been received by the Government essentially different from the news published in newspapers with reference to Spanish or Cuban affairs, and when Congress meets there is no doubt that the public will be satisfied that prudence [illegible]

PENOBSCOT MUSICAL ASSOCIATION.

FOURTH DAY.

The singing at the rehearsals showed that great progress has been made in rendering the choruses and glees. In the course of the forenoon Mr. Haynes sang a ballad, "Sunday Night," by F. W. Root, and the afternoon session was varied by a number of songs, etc. Mrs. Kate Gardner of Brewer sang "Before I at Night in my Slumbers," by Abt; Miss Aldrich, "La Gazza Ladra," by Rossini; Mrs. Crowell and Mrs. Shaw, the duett "Sweet Zephyrs," by Mozart; Miss Hattie Rich, "The Rose Bush," by Hodges. The accompaniments were played by Mr. Davenport and Mr. Frank Crowell.

At a recess Mr. Merrill introduced the new President, Rev. Mr. Goodenough, who in well-chosen words accepted the office. N. L. Perkins, Esq., from the business committee, presented a series of resolutions, prefacing them with brief remarks, in which he said he hoped that they would be supplemented by speeches by members of the class that would more fully reflect the views he was sure they all entertained.

The resolutions, which were unanimously adopted, express gratitude to the Almighty, for His watchful care and the many blessings which He has bestowed on the members of the Association, chief among which is the power to sing His praise and the privilege of meeting in the annual festival of song. The thanks of the Association are tendered Prof Root, for his kind and patient endeavors to impress the principles of musical culture, and his wise and comprehensive views, which he is assured are fully appreciated by the members of the class, whose affectionate regard will accompany him to his western home. Confidence is expressed in the officers of the Association, who are congratulated on their success in obtaining so able a director, and thanked for their services. Thanks are tendered to the amateurs who have by their spirited songs and choice selections contributed much to the pleasure and enjoyment of the session, to the railroad and steamboat companies for free return tickets, to the daily papers for notices, to the public for their patronage, and to all who have by their favors added to the interest and profit of the occasion. The closing resolution is as follows

*Resolved*, That now, as we come to the close of this interview, its musical harmonies, its social harmonies, especially, uninterrupted, shall fill us with higher and more heavenly aspirations, shall bind us together in a more intimate friendship, and that we will take the parting hand with the hope and confidence that if we meet no more in these musical festivals on earth, we shall become members of the celestial choir, and enjoy the fruition of song forever.

The resolutions were followed by appropriate remarks by Rev. S. P. Fay, a former President, and J. Swett Rowe, Esq

A letter from Francis R. Ilsley, Esq., of Madison, N. J., and formerly of Portland, who is well known here, was read by the Secretary. Mr. Ilsley expressed his interest in the efforts of the Association in promoting music

RHEUMATISM NEURALGIA

THE CLERGYMEN WERE CURED

of Chronic and Acute Rheumatism, Neuralgia Lumbago, Sciatica, Kidney and Nervous Diseases, after years of suffering, by taking Dr. Fitler's Vegetable Rheumatic Syrup—the scientific discovery of J. P. Fitler, M. D., a regular graduate physician, with whom we are personally acquainted who has for 39 years treated these diseases exclusively with astonishing results. We believe it our christian duty after deliberation to conscientiously request sufferers to use it, especially persons in moderate circumstances who cannot afford to waste money and time on worthless mixtures. As clergymen we seriously feel the deep responsibility resting on us in publicly endorsing this medicine. But our knowledge and experience of its remarkable merit fully justifies our action. Yours truly, &c. Rev. C. H. Ewing, Media, Penn'a, suffered sixteen years, becoming hopeless. Rev. Thomas Murphy, D. D., Frankford, Philadelphia. Rev. J. B. Davis, Hightstown, New Jersey. Rev. J. S. Buchanan, Clarence, Iowa. Rev. G. G. Smith, Pittsford, New York. Rev. Joseph Beggs, Falls Church, Philadelphia. Other testimonials from Senators, Governors, Judges Congressmen, Physicians, &c., forwarded gratis with pamphlet explaining these diseases. One thousand dollars will be presented to any medicine for same diseases showing equal merit under test, or that can produce one-fourth as many living cures. Any person sending by letter description of affliction will receive without charge (if considered curable) a legally signed guarantee, naming the exact number of bottles warranted to cure, agreeing to refund amount paid in case of its failure to cure. Price per bottle, $1 25, can be bought as used. Afflicted invited to write for medical advice on above diseases only. No charge for reply, which will contain much valuable information acquired by a lifetime practice. No compulsion to buy medicine. Address Dr. Fitler, Philadelphia. Printed explanations of the disease also furnished.

MIND YOUR OWN BUSINESS.

BY REBECCA E. PIERCE.

It has oft been repeated,
"Hoe your own row!"
There's another good maxim
I wish we should know
And which should be practiced,
As well as be known—
'Tis—"Mind your own business,
And none but your own."

There are doubtless, good people,
Who may unawares,
Become too familiar
With others' affairs.

## LAWS OF THE UNITED STATES.

Passed at the Third Session of the Forty-second Congress.

Convention between the United States of America and Denmark. Naturalization. Concluded July 20, 1872. Ratified January 22, 1873. Ratifications exchanged March 14, 1873. Proclaimed April 15, 1873.

By the President of the United States of America:

### A PROCLAMATION.

Whereas a convention between the United States of America and His Majesty the King of Denmark relative to the naturalization of citizens and subjects of the two countries, was concluded and signed at Copenhagen by their respective plenipotentiaries on the twentieth day of July, 1872, the original of which convention, being in the English and Danish languages, is word for word as follows:

The United States of America and His Majesty the King of Denmark being desirous to regulate the citizenship of the citizens of the United States of America who have emigrated, or who may emigrate, from the United States of America to the Kingdom of Denmark, and of Danish subjects who have emigrated, or who may emigrate, from the Kingdom of Denmark to the United States of America, have resolved to conclude a convention for that purpose, and have named as their plenipotentiaries, that is to say, the President of the United States of America, Michael J. Cramer, minister resident of the United States of America at Copenhagen, and His Majesty the King of Denmark, Otto Ditlev Baron Rosenorn-Lehn commander of Danebrog and Danebrogsmand chamberlain, His Majesty's minister for foreign affairs, &c., &c., &c.

Who, after having communicated to each other their respective full powers found to be in good and due form, having agreed upon and concluded the following articles, to wit:

ARTICLE I.

Citizens of the United States of America who have become, or shall become, and are naturalized, according to law, within the Kingdom of Denmark as Danish subjects, shall be held by the United States of America to be in all respects and for all purposes Danish subjects, and shall be treated as such by the United States of America.

In like manner, Danish subjects who have become or shall become, and are naturalized, according to law, within the United States of America as citizens thereof, shall be held by the Kingdom of Denmark to be in all respects and for all purposes as citizens of the United States of America, and shall be treated as such by the Kingdom of Denmark.

ARTICLE II.

If any such citizen of the United States, as aforesaid, naturalized within the Kingdom of Denmark as a Danish subject, should renew his residence in the United States, the United States government may, on his application, and on such conditions as that government may see fit to impose, readmit him to the character and privileges of a citizen of the United States, and the Danish government shall not, in that case, claim him as a Danish subject on account of his former naturalization.

In like manner if any such Danish subject, as aforesaid, naturalized within the United States as a citizen thereof should renew his residence within the Kingdom of Denmark, His Majesty's government may, on his application, and on such conditions as that government may think fit to impose, readmit him to the character and privileges of a Danish subject, and the United States government shall not, in that case claim him as a citizen of the United States on account of his former naturalization.

ARTICLE III.

If however, a citizen of the United States, naturalized in Denmark shall renew his residence in the former country without the intent to return to that in which he was naturalized, he shall be held to have renounced his naturalization.

In like manner if a Dane, naturalized in the United States, shall renew his residence in Denmark without the intent to return to the former country, he shall be held to have renounced his naturalization in the United States.

The intent not to return may be held to exist when a person naturalized in the one country shall reside more than two years in the other country.

ARTICLE IV.

The present convention shall go into effect immediately on or after the exchange of the ratifications, and shall continue in force for ten years. If neither party shall have given to the other six months' previous notice of its intention then to terminate the same, it shall further remain in force until the end of twelve months after either of the contracting parties shall have given notice to the other of such intention.

ARTICLE V.

The present convention shall be ratified by the President of the United States of America, by and with the advice and consent of the Senate thereof, and by His Majesty the King of Denmark, and the ratifications shall be exchanged at Copenhagen as soon as may be, within eight months from the date hereof.

In witness whereof the respective plenipotentiaries have signed the same, and have affixed thereto their respective seals.

Done at Copenhagen, the twentieth day of July in the year of our Lord one thousand eight hundred and seventy two.

MICHAEL J. CRAMER.
O. D. ROSENORN-LEHN.

And whereas the said convention has been duly ratified on both parts, and the respective ratifications were exchanged at Copenhagen, on the 14th day of March, 1873, by Michael J. Cramer, minister resident of the United States of America at Copenhagen, and Otto Ditlev Rosenorn-Lehn, Commander of Danebrog and Danebrogsmand, chamberlain, His Majesty's minister for foreign affairs, &c., &c., on the part of their respective governments;

Now, therefore, be it known that I, Ulysses S. Grant, President of the United States of America, have caused the said convention to be made public, to the end that the same and every clause and article thereof may be observed and fulfilled with good faith by the United States and citizens thereof.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this fifteenth day of April, in the year of our Lord one thousand eight hundred and seventy-three, and of the Independence of the United States of America the ninety-seventh.

U. S. GRANT.

By the President,
HAMILTON FISH, Secretary of State.
